Attachment 1: WIOA Title I Programs Performance Accountability Table

The Pennsylvania Department of Labor & Industry, or L&I, negotiates WIOA Title I programs performance goals with the U. S. Department of Labor on a two-year program cycle, which aligns with the WIOA planning requirement of reviewing WIOA Local Area Plans every two years. In an effort designed to meet or exceed the state WIOA performance goals, PA negotiates these same goals with PA's local workforce development areas, or LWDA, to optimally set each local area's WIOA Title I performance goal levels so that, collectively, the state negotiated performance goals are met or exceeded.

The WIOA Title I Programs Performance Accountability Table is for the benefit of the public and must be updated accordingly. Local boards must edit the table's two columns with the appropriate program year(s) to correctly match the most recent* LWDA-negotiated performance goals and attained performance results. This completed table must be publicly posted with the local area plan. The LWDB does not need to perform a WIOA plan modification as this table is revised; email notification to local area workforce development stakeholders will suffice.

Effective Date:

North Central_

Local Workforce Development Area name: _

Local Workforce Development Boards (LWDB) are requested to publically post the Local Workforce Development Area Workforce System Organizational Chart. The LWDB should ensure that the org chart is a reasonable reflection of the local area workforce system. If the Program Partner/Provider List is posted the need for program partner details is lessened in the org chart. Local area plan modifications concerning this subject matter are not required to be submitted to the Department if the chart is posted on the LWDB public website. Page 1 of 1

Attachment 4: Local Workforce Development System Supporting Data

Local area plans have multiple sections requiring various data methodologies needed to support narrative. When documenting data methodologies, plan drafters may reference the data location in the local area plan prompt narrative and move referenced data (e.g., charts, tables, etc.) to this attachment. The Supporting Data attachment must be submitted with the local area plan and publicly posted with all other supporting documentation as referenced in the WIOA Regional and Local Area Plan Guide.

Local boards must enter the prerequisite information (i.e. LWDA name, section number with prompt, input data referenced in the plan's prompt narrative and cite data source) if using this form.

If a local board does not use this form, the LWDB must make note on this attachment that "all data is cited in the local plan narrative."
